

Assignment 3

1. State space search
2. BFS
3. DFS
4. Advantages of BFS over DFS
5. 4 Queen problem
6. Alpha beta pruning
7. Minimax Algorithm
8. Transfer Learning in Generative AI
9. Explain uninformed search.
10. First Order Logic in AI
11. Different approaches to knowledge Representation
12. Expert system in healthcare application
13. Genetic Algorithm
14. Difference between Genetic and Traditional Algorithm
